Table of Contents

chapter 1

Introduction 11
Foreword – Marc Rheinard 12
Foreword – Ronald Völker 13
Author's Preface 14
Introduction 15
How To Use This Book 15
The Cars 17

chapter 2

The Process of Driving Faster 19
Introduction 20
Setup Theory 20
Setup Sheets 22
Weight Transfer – the Holy Grail 23
The Racing Line 24
Braking Point 25
Turn-in Point 25
Apex 26
Wide Corners 26
Geometric Apex 27
Late Apex 28
Early Apex 28
Overtaking on a Corner 29
The Karting Apex 29
Chicanes 30
Hairpins 31
Sweepers 31
Slipstream Overtaking 32
The Position of the Next Corner 33
Increasing Corner Speed 33
Mapping the Track 35
Modified Racing Line 37
Conquering a New Track 38

Table of Contents

Perfect Practice Makes Perfect ____ 40
Driver Etiquette and Traffic ____ 41
Lapping ____ 41
Staggered Start Passing ____ 41
How to Pass ____ 41
Resolving Disputes ____ 42
After a Crash ____ 42
Hitting Someone From Behind ____ 43
Marshals ____ 43

chapter 3

The Build ____ **44**
Introduction ____ 45
The Rules ____ 47
The Build ____ 48
Preparation ____ 48
Chassis Assembly ____ 50
Suspension Components ____ 51
Lower Bulkheads and Chassis ____ 52
Drivetrain ____ 52
Upper Bulkheads and Chassis Finishing ____ 55
Shock Absorbers ____ 56
Roll Bars ____ 58
Steering Rack ____ 60
Servo ____ 60
Finishing Touches ____ 62
Elements ____ 63
Electronics ____ 64

chapter 4

Initial Setup ____ **69**
Introduction ____ 70
Droop ____ 70
Roll Bars ____ 71
Servo and Steering Alignment ____ 73

Table of Contents

Ride Height 75
Camber 77
Tweak 78
Finishing Touches 79

chapter 5

Body Shell Mounting 80
Introduction 81
Body Position 82
Body Height 83
Wheel Arches 84
Painting 85
Bumper Foam 86
Wing 87

chapter 6

Car Setup Reference 88
Ackermann 91
Anti-dive/Kick-up (Front) 93
Anti-squat/Pro-squat (Rear) 95
Battery Position 96
Belt Tension 97
Bodies 97
Bump Steer 98
Camber 99
Camber Gain 102
Chassis Stiffness 103
Caster 104
Centre of Gravity 106
Damping 106
Length of Shock 107
Oil 108
Piston Holes 109
Position 110

Table of Contents

Preload 111
Rebound 112
Springs 114
Differential 116
Gear Diff 116
Ball Diff 117
Diff Height 119
Droop 120
Rear Droop 123
Front Droop 124
ESC Settings 125
Flex 126
Gearing & Rollout 127
Gearing for Final Drive Ratio or Rollout? 127
Final Drive Ratios 127
Gear Ratio Charts 128
So What FDR Should You Start With? 128
What Rollout Should You Start With? 129
Gear Mesh 129
End Bell Timing 129
Tuning Gearing for the Lowest Lap Times 130
Motor Temperature 130
Kick-up 131
Motor Mount Location 132
Pro-squat 133
Radio Settings 133
Ride Height 134
Overview 134
Ride Height Split 134
Starting Ride Height 135
Measuring Ride Height 135
Left vs Right Side Ride Height 137
Changing the Ride Height 137
Ride Height Interactions 138
Ride Height and Tyres 138
Roll Bars 139
Roll Centre 141
Rollout 143
Shock Absorber 143
Solid Axle (Spool) 143
Steering Arm Ball-cup Location 144
Steering Linkage Angle 144

Table of Contents

Steering Throw ____ 144
Toe ____ 145
Track Width ____ 149
Tyres & Additives ____ 151
Rubber Tyres ____ *152*
Foam Tyres ____ *152*
Additive ____ *153*
Tyre Warmers ____ *153*
Tyre Preparation ____ *154*
Wheel Balancing ____ *156*
Weight ____ *157*
Centre of Gravity ____ 157
Weight Balance (Side to Side) ____ 157
Moving Weight (Front to Rear) ____ 160
Adding Weight to Increase Steering or Rear Traction ____ 160
Wheelbase ____ 161
Wings ____ 162

chapter 7

Tweak ____ **163**
What is Tweak? ____ 164
Tweak Checklist ____ 164
Testing for Chassis Twist ____ 166
Correcting Suspension Tweak ____ 168

chapter 8

Case Studies ____ **172**
Carpet Case Studies ____ 173
Modified ____ 175
Stock ____ 184
Asphalt Case Studies ____ 187
Modified ____ 188
Stock ____ 188

Table of Contents

chapter 9

Other Body Shells ____ **189**

Touring Cars ____ 190
Vintage Trans Am ____ 194
GT ____ 196
V8 Supercars ____ 198

chapter 10

History ____ **199**

appendix A

eBook ____ **217**

appendix B

Glossary ____ **218**

appendix C

Beginner's Guide ____ **222**

Buying Considerations ____ 222
A Beginner's Story ____ 223
Common Build Errors ____ 225
Tyre Gluing ____ 230
Setup Diary ____ 230
Tools ____ 231
Lipo Battery Safety ____ 232

Table of Contents

appendix D

Checklists ____ **233**

Maintenance ____ 234

After Run Checks ____ 234

Between Events ____ 235

Re-building a Car ____ 236

Correcting Key Balance Issues ____ 238

Traction – How to Increase ____ 238

Steering ____ 240

Too Much Steering (Oversteer) ____ 240

Not Enough Steering (Understeer) ____ 242

Steering Response Changes for No Apparent Reason ____ 243

Traction Rolling ____ 244

Easier to Drive – How To ____ 245

Troubleshooting ____ 246

Car Wanders on the Straight ____ 246

Change of Direction (Chicane) ____ 246

Fast Sweeper Cornering ____ 246

Car 'Hops' or 'Chatters' Across the Track ____ 246

Tyres Picking Up Carpet Debris from Track ____ 246

Inconsistent Handling ____ 247

Lacking Acceleration or Started Oversteering ____ 247

Quick Reference ____ 249
